

## mosquito® Head Lice Detergent

**Combats head lice on non-washable fabrics.**

### Use

mosquito® Head Lice Fabric Spray is the ideal supplement for the effective combating of head lice and nits on non-washable fabrics. Simply spray the affected areas, e.g. couches, mattresses, car seats, etc. (approx. 10 ml/m<sup>2</sup>). Leave to take effect then, after drying, clean thoroughly with a vacuum cleaner.

### Active ingredient

20g/100g IR 3535 (Ethylbutylacetylaminopropionate) 2g/100g Icaridin

### Dosage / amount of application

10 ml/m<sup>2</sup> (approx. 50 spray jets)

### Caution

- Avoid contact with the eyes and mucous membranes; rinse any affected areas with plenty of water and seek medical attention.
- Causes severe irritation of the eyes.
- Rinse any affected areas with plenty of water.
- Keep the product out of reach of children.
- Only use in well-ventilated areas. Do not inhale.
- If you need to consult a doctor, please show them the label.
- Before use, test fabrics for color-fastness.
- Protect from heat, cold and direct sunlight.
- Empty containers should be sent for recycling.

Use mosquito® LäuseSchutzmittel with care. Always read label and product information before use.
